Digi City

1:10-15,000 Scale Data

1:10-15,000 topographical map of major cities in raster format

Description: Raster maps generated from 1:1,000, 1:2,500 centre line data, reproducing details as represented on published map sheets 600 dpi.

Data Series: These datasets cover the greater urban areas of Dublin, Kilkenny, Cork, Limerick, Galway and Waterford at scale of 1:10,000 - 1:15,000.

Coverage: Six cities (Republic of Ireland).

Specifications: The raster map is generated from vector data at 300 and 600 dpi. Available in IG (Irish Grid) or ITM (Irish Transverse Mercator).

File Formats: Digital.
