## Price list for copyright permits.

### Effective from 1 July 2022

#### Introduction

This price list applies to the reproduction of OSi material in paper publications. It should be read with conjunction with the relevant OSi terms and conditions (CP1). Relevant terms used in this price list are defined in the 'General Principles and Definitions' price list (GP1).

Two types of pricing apply for Copyright Permits. In both cases, fees are calculated on a case by case basis. In order to assess the royalty fee OSi will need the following information:

- The area of OSi material that is being reproduced;
- The paper size of the map being reproduced;
- The scale of the reproduction;
- The number of copies being reproduced; and
- The purpose of the reproduction.

A standard leaflet and application form are available on the OSi website (Leaflet CP1).

All prices are quoted exclusive of VAT. In all cases, a minimum invoice amount of €35 applies.

#### Publication Types

##### 1. Publications containing extracts of OSi material

This pricing model is used where the customer wishes to reproduce a map extract in any publication that would not be considered a map product, for instance magazines, flyers, once off reproductions.

The royalty per product will be calculated from the page area of the mapping based on OSi material, with the fee being calculated from Tables 1, 2 and 3 of this price list.

##### 2. Publications which may primarily be considered map products

This pricing model is used where customers wish to reproduce OSi material in a publication that may primarily be considered a map product, for instance a substitute for or cover version of an OSi branded product.

Charges will be based on 10% of the current retail list price of a similar OSi product.

#### Notes:

- *The following restrictions apply for Type 1 publications using OSi 1:25,000, 1:50,000 and 1:250,000 datasets in facsimile form:*
  - *The mapping must not cover more than 50% of the total paper area of the publication; and*
  - *No individual map extract of more than A3 size may be made from any single paper sheet of OSi 1:25,000, 1:50,000, 1:250,000 or 1:250,000 mapping.*
- *Permission under Type 2 arrangements will not normally be granted for publications in the same or a similar format or specification to that provided as a branded product by OSi*
- *Where a publication covers only part of an OSi product an appropriate discount may apply to Type 2 arrangements.*
- *Publications which make significant adaptations to the style and format of the OSi material may be entitled to up to 50% unit cost discount. Such discounts will be considered on a case by case basis.*
- *Free distribution as marketing material is not a criterion for exemption from royalties.*
- *Reprints of the publication may, with OSi's permission, be made subject to payment of a further fee calculated from the price list applying at the time of the request to make the reprint.*
- *Prices which apply to the display of publications on the Internet are available on application.*
- *Decisions as regards pricing rest with OSi and the onus is on the customer to confirm pricing before proceeding with any project.*

**Table 3: Royalty charges for copying OSi Place Maps***Notes:*

- These charges apply for copies made from Place Maps purchased – initial purchase prices are given in the Place Maps and Data price list (PM1).
- The charges below relate to large-scale OSi material.
- For paper areas falling between those shown, use a percentage of the next largest size.
- Minimum invoice of €35 applies

Paper Size	A4	A3	A2	A1	A0
Royalty per copy	€2.54	€5.08	€7.62	€10.16	€12.70

**To calculate a royalty charge:**

1. Read Across the top of the table to find the appropriate paper size
2. Multiply this figure by the number of copies required.
3. For example: 6 A4 extracts = €15.24 (€2.54 x 6) subject to €35.00 minimum invoice charge.
